

External Exam 2023–24

Circular No.NVV/Info/6

Dear Parents,

In the continued efforts to enhance the skills of our students and make them fundamentally strong, we need to access their strengths and weaknesses at regular intervals to redirect them onto the smart path. We give this opportunity to our students for learning through competitive assessments under the aegis of different Olympiad exams organized by various organizations.

Through these Olympiads, students will boost their self-confidence and will be encouraged to put in that little extra effort to excel. These exams are **optional**.

**It is important to note that all the Olympiads (Except MASTER SPELLER) will be conducted under OFFLINE mode this year during school hours.**

**The registration process for SOF exams will be done through the school. For the rest of the Olympiad exams, links are provided for online registration.**
